INFORMATION DISCLOSURE STATEMENT

Copies of two Search Reports are submitted herewith, namely a German Patent Office Search Report (2 pages) from the parallel German application 102 12 813.8, of which priority is claimed, listing 4 references and relevant portions, and an International Search Report (2 pages in English PCT/ISA/210) by the EPO (European Patent Office) as the international searching authority from the present international application listing 2 references and their relevant portions. Copies of the 2 references cited in the International Search Report are being submitted herewith since there was no indication in any of the Office Action(s) in the application file that the IB (International Bureau or another PCT department) had transmitted these references to the USA PTO as the National Stage office.

BEST AVAILABLE COPY

In the International Search Reports the references listed in category A mean that these references define the general state of the art which is not considered to be of particular relevance with respect to the listed claims. The International Search Report is also in English and points out relevance of the references so no further relevance is necessary to be pointed out.

In the German Patent Office Search Report all the references are listed in category Y meaning that each of these documents considered together with other document(s) place in question the presence of an inventive act and/or inventive step with respect to the listed claims.

The relevance of the references is pointed out in the German Search Report in translation, namely in the German Patent Office Search Report the words "Kat." mean category, "Ermittelte Druckschriften/Erläuterungen" means transmitted publications/ explanations, "Betr. Ansprüche" means concerning claims. A PTO-1449 form is presented to list all 4 different references.

Translations of the foreign language references are not available to the undersigned. This submission meets the requirements of 37 CFR §1.56, 1.97 and 1.98(a) and MPEP 609.
